

## **Planning Commission, Zoning Board of Appeals Downtown Development Authority and Board of Review**

### **Roles, Responsibilities, Desired Skill Set/Experience and Appointment Application Process**

The Township Board is always seeking resident involvement in local government decision making. There are different ways to participate beyond attending public meetings – by serving on a board or commission. Individuals interested in serving on a board or commission are encouraged to attend board and/or commission meetings in advance of applying. Each board and commission has desired skill sets and experience amongst the membership. Meeting schedules, agendas and meeting packets are available online at [www.comstockmi.gov](http://www.comstockmi.gov).

It is important that appointed members of the boards and commission attend each meeting. Individuals that cannot commit to attending regularly scheduled meetings are encouraged to participate as a member of audience rather than occupy a seat on a board or commission. Failure to attend meetings is considered misfeasance and can be cause for removal from an appointed board or commission by the Township Board.

The process to apply for a position involves an application and interview. Applications are available on the Township webpage, may be obtained in person at the Township Hall or by email request to the Supervisor at [supervisor@comstockmi.gov](mailto:supervisor@comstockmi.gov). Applicants should indicate which board or commission to which they seek appointment on the application. Completed applications can be mailed to or dropped off at the Township Hall.

The Township Supervisor reviews applications and accompanying materials and interviews applicants. Interviews are typically conducted in the fall as most board and commission terms follow the calendar year. However, applications are accepted all year long; if an opening occurs during the year, interviews will be conducted as needed. The Township Supervisor makes a recommendation to the Township Board for appointments to the board and commission.

**All information included on or attached to an application will become a matter of public record and viewable on the Township's website as an informational item attached to a Township Board agenda packet.**
