CHARTER TOWNSHIP OF COMSTOCK

KALAMAZOO COUNTY, MICHIGAN

ORDAINS:

**SECTION I
FINDINGS**

In accordance with Public Act 359 of 1947, MCL 42.1 *et seq.*, as amended, the Board of Trustees for the Charter Township of Comstock has determined the following:

1. That the approval of principal use solar and wind renewable energy facilities may result in or produce negative impacts on permitted land uses and development and may harm the public health, safety and general welfare of property owners and residents of the Charter Township of Comstock.
2. The Township Board is aware of significant public health, safety, and welfare concerns being raised by the public about the impacts of principal use solar and wind renewable energy facilities.
3. The Township has a legitimate public purpose in assessing the regulation of the establishment and use of principal use solar and wind renewable energy facilities within the Township to ensure that they do not interfere with other land uses, or have substantial negative impacts on the environment, public health and safety.
4. The Township Board finds that adopting a temporary moratorium is reasonable and necessary for, among other reasons, the following reasons:
 - A. Michigan courts have recognized that a moratorium is a common and

legitimate tool to preserve the status quo while formulating a development strategy.

- B. The Township Board desires to review and study the public health, safety, and welfare concerns regarding principal use solar and wind renewable energy facilities and any Township regulations that may impact and/or regulate such projects.
 - C. The adoption of a temporary moratorium will allow the Township Board adequate time to study and possibly implement revisions to the Township's Ordinances and regulations, including attention to and consideration of citizen input and involvement, public debate, and full consideration of all issues and points of view.
5. The Township Board accordingly determines that it is desirable and in the public interest for the reasons set forth above that the Township Board adopt a temporary moratorium on the acceptance and/or processing of any applications for principal use solar and wind renewable energy facilities.

SECTION II
MORATORIUM/TERM OF MORATORIUM

The Township Board adopts a temporary moratorium on the acceptance and/or processing of any applications for a principal use solar and wind renewable energy facility. The temporary moratorium is in effect for one (1) year following the adoption of this ordinance by the Township Board, or until the effective date of any amended or new Township Ordinances or regulations addressing such uses are effective, whichever date occurs first.

SECTION III
EXTENSION OF MORATORIUM

Before this moratorium expires, the Township Board may extend the temporary moratorium by resolution as appropriate to allow sufficient time to complete amendments or additions to its Ordinances and regulations.

SECTION IV
SEVERABILITY

The provisions of this Ordinance are hereby declared to be severable. If any clause, sentence, word, section or provision is hereafter declared void or unenforceable for any reason by a court of competent jurisdiction, it shall not affect the remainder of such Ordinance which shall continue in full force and effect.

SECTION V
REPEAL

All Ordinance or parts of Ordinances in conflict herewith are hereby repealed.

SECTION VI
EFFECTIVE DATE

This Ordinance shall take effect upon publication after adoption.
